## Ratepayers quiz Minden councillors

It was an A-B-C night Friday as members of the Anson, Hindon and Minden municipal council invited ratepayers to an open forum meeting to discuss concerns about the township and its future.

A for apathy was reflected in the number of citizens who attended. There were only 17 who bothered to go

to the meeting, although those who did come out were obviously well armed with questions and inquiries.

B for bouquets, which caught most of the councillors by surprise. It was obvious that those in attendance felt the municipal council was doing a reasonably good job for the town-

ships and they made a point of expressing their feelings.

C for complaints and concerns, which ran the gamut from the Scotch Line land fill site, to the municipal purchase of Main Street property, to computers and more. The following is a brief summary of the items touched on during the meeting:

### Scotch Line dump

The council was asked why the new restricted hours are being imposed at the garbage dump. Councillor Dave Stevens responded, saying that the purpose was to reduce the cost of operating the facility. He noted the municipality pays for an attendant at the site and the contract called for reduced

hours in the winter months. "If the dump stays open longer, it would cost extra to keep an attendant on the site", Stevens pointed out that to help alleviate any problems created by the new hours, a trailer was to be parked at the entrance of the facility. If the gates are closed, the garbage can be left in the trailer, which will later be emptied by an attendant.

One person referred to the new hours as "a return to the dark ages".

Several individuals expressed the opinion that the trailer idea would not work. "We didn't say it would work," Stevens responded. "We just said we were willing to give the idea a try". The individual predicted there would be garbage, "all over the place," and that within two weeks to a month the system would be changed again.

The final words on the new dump hours were offered by one citizen in attendance, "They interfere with the soap operas."

### Christmas lights

The council was asked to explain the details behind the recent purchase of 5000 Christmas lights for the community. The cost of the lights was \$2300.

Councillor Gary Kenney told the meeting that the lights had been purchased after Ontario Hydro had given approval for them to be installed in trees close to the bridge on South Water

Street. However, after the lights were purchased, the approval was withdrawn because of a number of technical concerns.

He said a meeting of Business Improvement Area representatives had suggested that the illumination of the riverbank trees would be appropriate for the Christmas season.

Kenney said the lights were purchased directly from the manufacturer at a 60% discount. "They won't go bad if they don't get used this year," he commented.

Kenney told the meeting that an effort to find other ways of using the lights is currently underway and they could be used to outline the roof lines of Main Street buildings, for the soon to be installed banner poles in the downtown area, and the trees in front of the CIBC. He said the municipal parks and recreation committee is examining ways to make use of the lights in future years, perhaps in riverside displays similar to those which have become a popular tourist attraction in Simcoe, Ontario.

### BIA and money

One questioner stated that he was confused about the relationship between the municipal council and the BIA. In particular he was concerned about the \$20,000 per year earmarked for downtown improvements. "It is just like giving money

(more on page 2)

Rows of empty chairs greeted members of the Anson Hindon and Minden municipal council Friday evening as they held an open forum meeting to discuss ratepayers' complaints and concerns. Only seventeen interested citizens attended the meeting. Although the gathering was sparse, the discussion was lively with many topics covered during the evening.

## Christmas lights are coming

There will be Christmas lights in downtown Minden this year, but how and where the decorations are to be

### Trustee resigns

The Haliburton County Board of Education has accepted the resignation of Dysart trustee Dr. Blair Pierce. The resignation, accepted at the November 22 meeting, is effective in December.

Dr. Pierce will be leaving the area, and therefore tendered his resignation.

A committee of the three other Dysart trustees has been formed to find a replacement for the trustee.

installed has yet to be determined.

Plans to install some 5000 lights in trees along the riverbank were quashed earlier this month when Hydro officials registered a number of objections, including the proximity of a primary power line along South Water Street.

The 5000 lights had been purchased by Councillor Gary Kenney in anticipation of carrying out the illumination project. He told the council November 23 that Hydro had initially approved the project, but was forced to withdraw that approval after several problems concerning the power line and the difficulty in installing and maintaining the decorations arose.

However, between the

time when the approval was initially granted and later withdrawn, the purchase was made.

Kenney suggested that the lights could be used to outline the roof lines of the main street buildings. He noted as well that banner poles are being installed on Main Street at the bank and Hall's Insurance building. While these poles will be used to hold special banners announcing town activities, he suggested the lights, including decorations previously purchased by the municipality, could be installed on these poles.

Other suggestions for the lights included outlining the underside of the bridge so that the lights reflect on the water and decorating in the trees in front of the

Canadian Imperial Bank of Commerce.

The council was also told that the parks and recreation committee is looking into designing a light display that could be installed in the park on the north side of the river. However, these plans are being made in anticipation of the 1984 Christmas season. They will require a number of changes to accommodate the displays. Two members of the committee will travel to Simcoe, Ontario in December to examine their success with the Christmas light displays. The small southern Ontario community annually attracts many tourists who come to view the displays which are constructed on a riverbank.

## Odells lead Argos to victory

Two Minden area football pundits were proven right once again this weekend. Jack and Blanche Odell of Halls Lake were hoping for the win of their favourites, the Toronto Argonauts in the 1983 edition of the Grey Cup.

Avid football fans, the Odells attended all five Grey Cup games in which the Argonauts were victorious. The couple were in the stands Sunday in Vancouver when Toronto defeated British Columbia 18 - 17. The win made it Grey Cup number six for the Odells. The other Toronto wins stretch back to 1945, 46, 47, 50 and 52.

The couple, who have been married for 51 years, lived in Toronto where Jack was a pressman for the Toronto Star. Following his retirement in 1972, they moved to their Halls Lake home but have never lost their interest in football or the Argonauts.

The Odells were the subject of a feature article on the front page of the Toronto Star, Saturday and were interviewed by CBC television during the Grey Cup weekend telecast.

Considering the good luck the couple has brought the Toronto football team over the years, they should be made a regular part of the Argo roster.

## Council meets ratepayers

(from page 1)

to the Chamber of Commerce in a time of restraint. Where does it all stop?" he asked.

Reeve Lyle McKnight noted that the BIA was formed in 1979 at which time the municipal council promised to spend \$20,000 per year on downtown improvements over a five year span. "To attract people to Minden you have to have an attractive community," the reeve commented. "I don't feel it is a bad thing."

Councillor Gary Kenney, who acts as council's liaison with the BIA board of management, noted that the merchants, through a separate levy which is over and above their regular taxes, have contributed \$5000 a year to core area improvements and promotion. He said the merchants are willing to make a commitment. "We are a service community," Kenney stated and the downtown area is our showcase."

### Welch property

The council was asked to explain what plans it had for the Welch property on Minden's Main Street.

The Ministry of Tourism and Recreation is pleased to announce the appointment of Herb Curnow as Site Manager for the Ontario Camp Leadership Centre, Bark Lake. Mr. Curnow succeeds Dallyn Pickens and Leon Wright both previous site managers and now retired. Mr. Curnow has many years of experience in public accommodation and administration. He joined the public service in 1968 with the Department of Lands and Forests. In 1975 he was appointed administrative superintendent with the Ministry of Natural Resources, The Leslie M. Frost Centre, Dorset, Ontario, a position he has held until his present appointment. Prior to joining the public service Mr. Curnow was proprietor and operator of a hotel in Northern Ontario for 11 years. Herb and his wife Vivian have five children, one daughter Kelly is still at home. The Curnows plan on moving to Gooderham in December.

Deputy Reeve Ed Pergolas noted that the CAUSE study carried out last year in the community identified a need for a town centre.

He said it was not uncommon for a municipality to purchase property so it could control the kind of development that takes place. He described the present building as a "derelict building ready to be torched". Pergolas said the municipality is looking for suggestions for the property especially commercial development and said the township would be willing to lease the property for the "right kind of development. We think the property is too valuable for just any kind of development."

He said the town centre idea, proposed in the CAUSE study for in front of the post office, was unfeasible because of the problems closing the street would cause in traffic flow.

Asked if he thought the property was worth the price the municipality paid for it, Pergolas responded that the seller had lost money on the deal.

In a matter related to the purchase of the Main Street property, one seasonal resident objected to the method used, in that two pieces of lakeshore property were traded, along with cash, for the Main Street location. He suggested it was unfair to the lakeshore residents who lived next to the pieces of property traded, for they were not given an opportunity to bid on the land. He suggested that the sale of

municipal land should be done publicly and by tender.

Reeve McKnight noted that one of the two properties was offered for sale a year earlier and the price received was \$5000 below the appraised value of the property in the trade. Pergolas said that the council had checked with a lawyer and felt they had acted within their powers.

Reeve McKnight said the township would tender such sales in the future.

### Computer

Council was then taken to task for spending \$6000 more for a computer for the municipal office and ignoring a potential local supplier and buying out-side the area.

Councillor Gary Kenney said the report prepared by the committee studying the purchase of a computer system for the municipality went to great lengths to ensure the local bid received a fair hearing. He said the local dealer is not in the "municipal computer business", and for the municipality to be subsidized in its purchase of a software, the system had to be approved by the provincial government. He said the local supplier would not likely receive that approval in two years.

Kenney said the hardware being offered by the local supplier was, "relatively unknown in Canada".

The councillor stressed that it can take years to perfect software for a computer and the municipality was looking for equipment it

could use immediately.

The questioner was not satisfied, however, suggesting that local business was being by-passed again and "people should stick up for their rights and their business."

### Taxes

Deputy Reeve Ed Pergolas, who also serves as the head of the council's finance committee, gave a brief report on the status of the community. He noted that taxes increased 8.9% last year with the municipal portion being 4.9%. He said only 32% of its funds through direct taxation, the remainder being raised through grants from senior levels of government.

He said the increase in taxes here was far less than that in the municipality of Dysart. He expressed the hope it would be even lower next year.

"We are working on a pay as you go basis. We have not initiated any new long term debentures and are attempting to operate the municipality with the funds raised this year." He told the meeting the townships are responsible for three long term debentures. It pays \$1200 yearly, until 1985, for the municipal building, \$7200 annually for the fire hall, that payment will end in 1986, and an annual payment of \$16,700 for the arena. The final year for that payment is 1992.

He also told the meeting the municipality averages 17% in unpaid taxes, a situation he blamed on the seasonal nature of employment in the area.

### Information centre

The council was asked how much the township has

spent on the boundary information centre and what it hopes to accomplish with the project.

Councillor Gary Kenney said \$10,000 had been set aside for the facility this year with Lutterworth Township adding another \$10,000. He said promotional literature for the two townships is currently being developed for distribution from the booth and the facility should be fully operational by next summer. He said the purpose of the centre was to promote the two townships in particular and the Haliburton Highlands in general. "We hope to work in co-operation with the Chamber of Commerce", he commented.

### Bouquets

Several councillors appeared almost embarrassed and certainly surprised with a number of speakers prefaced their remarks with praise for their efforts. "I have found the present council to be

receptive and co-operative," one ratepayer commented. He said those comments include the members of the municipal staff as well.

"There is more debate now and that is good to see," another commented. "Things are happening here and Haliburton is sitting up and taking notice."

"This is the first council which sent us (a lake association representative) notification of your meetings. The downtown improvements look good and will draw more people to the community. The council is to be congratulated."

"It is nice to read about disagreements on the council, we particularly enjoy the Kenney and Pergolas debates. It shows we have individual thinkers on the council."

And finally, "Thank you for having the courage to hold this meeting."

Those in attendance then enjoyed coffee and doughnuts.

## No seat belts for school buses

The board has adopted a report from the transportation committee which rejected the use of seat belts on the large buses in the county. However, the committee did recommend that seat belts be considered for the vans used as school buses.

The committee also did not recommend the use of senior students on the buses as patrollers.

The board also endorsed a

resolution to have the transfer point at Highway 121 and Ingoldsby Road remain on Highway 121. The transfer is to take place with the lights of both vehicles flashing.

The board has also asked Northernways Transit Limited to install two way radios on selected buses. The transportation committee was asked to examine the logistics of installing the radios.

## Are your hard-earned dollars going up in smoke?

Then take a few minutes now and discover how adding electricity to your oil furnace can dramatically cut the cost of heating your home.

If your oil furnace is in good condition, but you'd like it to run more economically, a dual-energy system combining oil and electricity may be just the answer. In fact, depending on how much electric heat you add, and how you operate your system, you could use as little as one tank of oil for an entire heating season!

For example, an electric plenum heater or heat pump, will reduce the amount of oil your furnace uses by up to 75%. In addition, a heat pump provides air conditioning in the summer for economical year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

If you'd like to know more about dual-energy and all-electric systems, write to Ontario Hydro, 620 University Ave., 4th Floor, Toronto M5G 1X6, and ask for our free booklet "Electric Heating Options for Your Home."

The few minutes you take now could add up to big savings this winter.

**Go Electric**

A combined residence and store suffered over \$40,000 in damage as a result of a fire at the Kushog Lake Marina Thursday afternoon. The Stanhope Fire Department fought the blaze and were able to prevent the fire from spreading to other nearby buildings. Ground fires in an adjacent woodlot were quickly extinguished by the firefighters. The steel roof on the building helped to contain the fire which apparently started in the kitchen of the home. No one was injured in the fire.

## Donation offered in lieu of ad

In lieu of purchasing an advertisement in the annual Kinsmen Clubs of Canada directory, the municipality of Anson, Hindon and Minden has agreed to make a donation to the cystic fibrosis fund of the local Kinsmen Club. The decision was reached at the November 23 meeting of the municipal council.

The request for an ad came from the head office of the service club. The municipality had placed similar ads in previous directories. Deputy Reeve Ed Pergolas

as suggested that rather than spending the money on the advertisement, the money should be donated to the special fund through the local club. He noted that a large portion of the money spent on the advertisement goes toward the production of the directory. He suggested the council would be acting more properly if it, the money, went directly to the fund.

His suggestion received approval from all members of council. Reeve Lyle

McKnight said he felt the Minden Kinsmen Club would be more appreciative of the gesture to give the money for cystic fibrosis rather than for an advertisement.

However, when the amount of the donation came up for discussion, there was a difference of opinion. Deputy Reeve Ed Pergolas, who is also council's finance chairman, suggested that the amount should be \$25. He noted that requests from other organizations seeking financial

support of the municipality, were always met with a \$25 donation. Pergolas said it was a matter of treating all groups equally.

Other members of the council disagreed however. Councillor Gary Kenney suggested that the donation should equal the cost of the advertisement which the council had originally considered purchasing.

A resolution, suggesting a \$75 donation which was less than the proposed advertisement cost, was endorsed by the council.

## Eric Milburn wins Big Buck contest

Eric Milburn of Lochlin was the winner of this year's Big Buck Contest held in conjunction with the annual Minden Kinsmen Club's Hunter's Ball. Milburn's buck weighed in at 243 pounds to top the thirteen entries received for the contest.

The contest is sponsored by disc jockey Tommy Williamson, who donated one hundred silver dollars for the winner. Williamson provides music for a number

of local dances including the annual Hunter's Ball.

The other participants in the contest, in order of finishing, included: David Bain (237 lb); John Lethbridge (226 lb); Mr. Simmons (217 lb); Doug Alton (212 lb); Clayt Hummel (205 lb); Keith Thomas (201 lb); Mr. Miscio and Doug Robinson (tied at 197 lb); Mr. McKay (185 lb); Jack Snell (181 lb); Bill Skelding (173 lb); and John McKelvey (125 lb).

|                                                                                                                                                                                                                           |                                                                                                                                                                                                                                   |

## editorial

# A tip of the toque

Anyone looking for winter fun need look no farther than the Haliburton Highlands.

That message was conveyed loud and clear in a brochure recently issued by the Central Ontario Travel Association, (COTA). Promoting eight travel regions within the COTA district, the publication lists some 42 resorts offering winter accommodation and activities.

Of those 42, 30 were located in the Highlands of Haliburton.

The resorts mentioned offered the full spectrum of winter activities including snowmobiling, cross-country and down hill skiing, snow shoeing, ice fishing, sleigh rides, tobogganing and skating.

Not only do the resorts in the area cater to outdoor winter fun, many also provide indoor activities such as swimming, dancing, sauna, whirlpool and a host of indoor diversions, including just snuggling up beside a cosy fire.

For anyone who doubted the Haliburton Highlands offered only a one season recreation and vacation destination, this brochure provides the proof that winter is a strong and growing contender.

Toques off to the many individuals, resorts and organizations who are striving to make winter come alive in the Haliburton Highlands.

## Express yourself

Readers of The Times are invited to express their opinions on issues of local interest through letters to the editor. The letters to the editor section of the newspaper is one of the most popular forums for the exchange of differing points of view.

It is the policy of The Times that all letters to the editor must appear with the author's name. Only in exceptional circumstances will we allow a letter to appear over a pseudonym. We reserve the right to edit submission for length and will reject letters we feel may lead to legal action.

Letters to the editor can be sent to The Times, Box 97, Minden or left at our office on Main Street just north of the bridge in Minden.

## Auditor presents report

- by John Eakins, M.P.P. -

The Provincial Auditor, appearing before the Legislature's Public Accounts Committee, charged that the Ministry of Government Services has spent hundreds of thousands of dollars during the past three years without following the instructions of Cabinet or obtaining the necessary approval of the Management Board.

He stated that the Ministry had spent \$617,000 since fiscal 1981-82 on the development of a computerized telephone data base, Telepac, without preparing a feasibility study or obtaining Board approval as required by the Ontario Manual of Administration. In addition, the Ministry awarded \$81,300 in untendered contracts for a manpower planning program to Allan W. Foster and Associates without obtaining the Board's approval for an exemption from the tendering process.

The Committee passed a motion asking the Deputy Minister of the Department to appear before the committee to answer questions on the contracts. It's been suggested that the former Minister was dumped from the portfolio because of a dispute with the Deputy Minister.

Patrick Reid, Liberal Chairman of the Committee, said "We're still not able to hold anyone accountable ... It looks to me like the Minister got dumped for one reason or another, and the person responsible goes sailing along." The Opposition have also called for an investigation into a \$50,000 contract awarded without tender by the Deputy Minister to food vendor Joe Dinely.

### Minimum wage

Ontario's \$3.50 minimum wage will increase to \$3.85 next March and to \$4 an hour in October, according to the Minister of Labour, Hon. Russ Ramsay.

This is the first increase in the minimum wage since October 1981, and will affect about 200,000 Ontario workers, most of them women. The Minister said

Federation of Ontario Naturalists

Great strides have been made in recent decades to improve our attitudes to wildlife, creatures great and small. But all the pretty pictures which surround us nowadays, in books, posters, pleas for assistance, advertisements and on television shows, obscure one major front on which the battle is far from won - our language.

Human prejudice against wildlife remains so deeply imbedded in our culture that even the thesaurus is guilty of it. I never realized this until one day when I was looking for synonyms for "wild" while writing a piece about the importance of saving endangered species.

"Wild beast" was listed in the thesaurus under the general heading "evildoer" or "maleficent being". Sub-headings included savage, wild beast, hag, monster and cockatrice, with such varied synonyms under these groupings as oppressor, tyrant, nihilist, ruffian, leopard, jaguar, gorilla, Jezebel, demon, fiend, red-skin (another unjust synonym), snake, alligator, bloodsucker, vampire, ogre and ghoul.

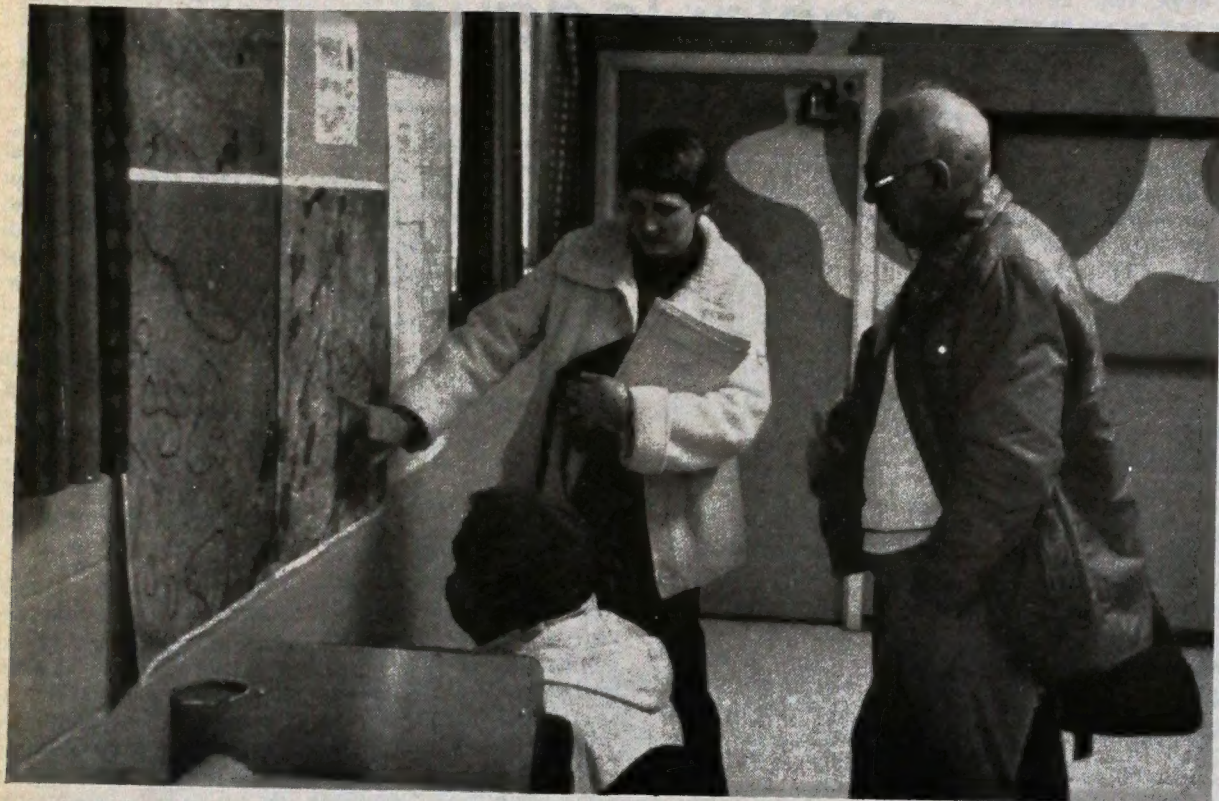

No wonder our efforts at wildlife protection don't always succeed. Apparently, animals in their native habitat, particularly predators, have been and still are, to some extent, considered synonymous with evil.

Among the animals listed in the thesaurus under the heading of "evildoer" are tiger, leopard, panther, hyena, catamount, lynx, cougar, jaguar, pump, gorilla, vulture, adder, snake, serpent, cobra, asp, viper, rattlesnake, boa, alligator, crocodile and octopus. The number of these which are also on the rare or endangered species list is impressive.

It takes a long time to teach people that wild animals aren't "bad". Take the much slandered snake, for example. The truth is that very few snakes are poisonous and snakes have a valuable place in the ecological scheme of things. They kill rodents and, like most predators, prevent an overpopulation of plant-eating animals. But how does one teach people not to kill a snake on sight, when the very name has been equated with evil for millennia?

We could start a campaign to stop this verbal assault upon wild animals. But considering the limited success of the women's movement in trying to eliminate the sexual bias in language, it is likely that "beast" will mean "wrongdoer" for at least as long as "womanish" means "weak", and "manly" means "courageous" (other thesaurus synonyms). Eve and the snake have been blamed for all man's troubles for a long time.

Township ratepayers had an opportunity to examine the preliminary findings of the consultants' preparing Anson, Hindon and Minden Official Plan. Thursday afternoon and evening open house gave the residents a chance to question the consultants on their findings and make suggestions and changes. The meeting was the first of a number in which the participation of the public will be invited.

## Pat Nowlan was guest speaker at Tory meeting

-by Bill Scott, M.P.-

On November 21, the Victoria - Haliburton P.C. Association was pleased to be addressed by Pat Nowlan, M.P. Pat's lively comments were both interesting and amusing.

The week of November 27 - December 3 has been designated as a week to remember crime prevention. It is the first National Crime Prevention Week in Canada. You will hear a lot this week designed to arouse your awareness of what you can do to assist police in crime prevention.

As well, the Canadian Chamber of Commerce and the Retail Council of Canada are conducting a national anti-shoplifting campaign to alert people to the consequences of this crime. As stated by the Solicitor General, Robert Kaplan, the Honorary Chairman of Canadians for Crime Prevention, "A key ingredient for the success of

this week is the active participation of a wide range of individuals. Organizations, institutions, federal, provincial and municipal leaders, school officials, police and other criminal justice professionals, as well as members of business, labour, community, youth, service and women's organizations will all be encouraged to become partners in preventing crime."

The week of December 1-7 is Canada Safety Council's twenty-eighth Annual National Safe Driving Week. Last year, during that week, the number of traffic fatalities declined to 68 from an average of 105. Let us hope that we can do better this time.

I urge you to take heed of the messages of both these weeks, "Partners in Preventing Crime" and "None for the Road". Crime Prevention and Safety should be of interest to all.

## Programme will combat crime

In the first 9 months of 1983 there have been 363 break and entries reported to the police in Haliburton County. This represents a 41% increase over the same period in 1982 and reflects a general rise in crime throughout the country.

These statistics were presented at the first general meeting of the Minden Neighbourhood Watch Program on Wednesday evening at the Community Centre. Nearly 40 concerned citizens attended the meeting which was sponsored by the Minden Rotary Club in co-operation with the Ontario Provincial Police.

The purpose of the program, which has been implemented in communities throughout Canada and the United States, is to enlist the support of citizens in policing their own neighbourhoods. It is described in a pamphlet distributed by the O.P.P. as a "self-help crime prevention program to reduce threats to you and your neighbour's property".

Sergeant Bill Bailey from the Minden detachment of the O.P.P. remarked that crime is rising throughout the country due to the depressed economy. More people are resorting to crimes such as break-and-entries and auto theft at a time when budget restrictions have created a man-

power shortage within the police departments.

Sergeant Bailey mentioned that there are less police officers patrolling this area than there were 15 years ago. He commented further that "break-ins are one of the main problems in this area" and in terms of vandalism he said that "there is more going on than we are aware of" because many incidents are not reported.

Constable Gary Chapman, acting as moderator, informed the meeting that although the OPP can assist the Neighbourhood Watch Program through the use of films, demonstrations of security devices and hints on protecting property, some of which were presented at the

meeting, that essentially the program must be set up and run by interested citizens. The OPP makes available window stickers for people's homes and large signs which warn would-be thieves that people in the area are participating in the program.

Constable Chapman announced to the meeting that the program is fully supported by the local municipal council.

Minden residents who are interested in participating in the Neighbourhood Watch Program can contact the group's co-ordinator, Gordon Monk in Minden.

## Eakins

(from page 4)

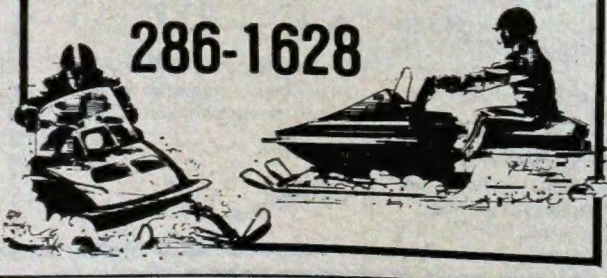

"there was a real temptation to come up with a higher figure" but the Government also had to consider the present high rates of unemployment. He felt that the increase represented a reasonable balance between the need to assist the minimum wage earners in keeping pace with the cost of living and the equally urgent need to maintain employment opportunities by ensuring that increases in the minimum do not have a detrimental effect on employment levels. There are variations in the minimum for different types of work. Waiters and waitresses who serve liquor go from \$3 to \$3.50, students under 18 from \$2.65 to \$3.15, apprentices from \$3.40 to \$3.90, construction workers from \$3.75 to \$4.25, and domestics from \$3 to \$3.50.

## from the chamber

Christmas is coming up fast with just about three weeks to go. Everyone is scrambling around to either start or finish their Christmas shopping and one of the most often heard comments around the County is "I've just got to get some time to go to Lindsay (or Peterborough) to get my shopping done."

Stop for one moment and think about this. It is difficult for a number of people to limit their Christmas budget to \$100, we have over 11,000 residents in the County. 100 x 11,000 equals \$11,000,000 with a good portion going into the cash registers of merchants outside our county. Add in the gas they buy while there, money spent for lunch, the time spent driving and figure out for yourself to whose advantage this is.

### Seminar

At the Small Business Development Seminar last week, those in attendance learned a lot about where the weaknesses are in small business in general with specific references to our area. Did you know that out of every 100 customers you lose, 14% are lost because of unresolved complaints. Take a good look at how you or your staff handle your customers problems.

We have all heard some outrageous complaints but somewhere in everyone of them is a valid point, try to find out what the real problem is. Make the customer feel that you really are concerned and will do what any reasonable merchant can to resolve the problem. Offer to meet them

halfway, at the very least, keep them happy and keep them coming back.

It was also pointed out that 61% are lost because of employee indifference. The employee wouldn't or couldn't answer questions about the services you offer, local attractions etc. Their service and attitude turned the customer off.

Don't blame your employees because there is no such thing as a poor employee. It can only be blamed on poor management. Canadian business loses 25% of its efficiency because of a lack of employee motivation. How do you motivate your employees? Fire the bad ones, pay the good ones more, give them responsibilities, offer bonuses, have contests for the best employee of the week, month or season. Treat them with respect. Your employees are the greatest single asset to your business.

Remember a satisfied customer refers three people to you but a dissatisfied customer tells ten people about you. Word of mouth is one of the best forms of advertising but only if it is positive.

Feedback from a number of people in attendance at the Small Business Management Development Seminar indicates that many business people in the county would like to attend specific seminars dealing with a number of topics. If you couldn't make it last week but are interested in learning about how to manage your business more effectively, call the chamber office and let us know. (286-

1760).

We hope that in the coming year we will be able to run more seminars. An old Danish proverb says that "He is afraid to ask is ashamed of learning."

One other subject that arose at the meeting was co-operative advertising and the benefits to the individual businesses. This could consist of two more more stores or services, one united village or a geographical area as a whole. This is a prime example of why membership in associations like the Chamber of Commerce is a must for everyone in business. There is "strength in numbers" or as a wise person once said, "Snowflakes are one of nature's most fragile things but just look what they can do when they stick together."

### Coming events

This weekend starting on Friday night at the Dysart arena there will be a Bantam hockey tournament. The championship games will be played on Sunday.

The Haliburton Highland Guild of Fine Arts Christmas Exhibition and Sale of Arts and Crafts is being held at the Rails' End Gallery in Haliburton until December 17. Gallery hours are Tuesday to Saturday 11 a.m. to 5 p.m. Fridays 11 a.m. to 8 p.m. and Sundays 1 to 4 p.m.

The Agnes Jamieson Gallery in Minden will be presenting a Watercolour and Batik Exhibition by Mary Wallace and Audrey Brant. This exhibition will open on December 1 at 7:30 p.m. and run until January 9.

Keep Canada Beautiful

## senior league

by Bert Harrison

Well readers, hunting season is over for another year, that is for chasing four legged deer, as for the other kind it lasts all year. They brought Mrs. Shuyler from hospital and Alfred Richardson too. The doctors advised Alfred to stop smoking which he is willing to do.

A bouquet to the cleaners who keep this home so clean they give extra for good measure, they work away day after day as if it was a pleasure. And the ones who wash our dirty clothes, like shirts, socks & pants, whether it be for sons, mothers or aunts. The nurses who look after us, they are really grand, come to check your heart beat and maybe hold your hand. So all in all we are truly blest and well looked after here at Hyland Crest. It is so nice to have Arnie back again after an absence of a fortnight. When Arnie isn't here the office doesn't seem just Wright.

We watched three movies Monday night, "The Acceptable Arctic", "Mary of Mile Lake TWO" and "The American Flamingos" which was a most interesting sight.

Rev. John Smith from Haliburton Baptist church conducted a very interesting service in the chapel on Tuesday. Fred Ballard came the organ to play, Fred is walking rather slow, he has the gout in his big toe.

Caravan Clothes came

here Tuesday morning, set up in the gym, racks of lovely clothes for her, shirts, socks and pants for him. To have this store brought to you is really nice, you just choose what you want providing you have the price.

Tuesday night Fred Ballard came fine music he did play on the electric organ that was brought in here by the way.

Edith Welch had a birthday on Monday and she was truly blest. Her son Ron and wife Pat came all the way from Frankfort to have a birthday dinner with his mother and aunt Carrie here at Hyland Crest. That is not all, Edith won the game they played called bucket ball.

The ladies in the craft room are always working, we don't know all they are doing, but their jobs they are never shirking. We have a new helper in our kitchen, dining room and her name is Janet, she is fitting in real well, we don't know who did plan it.

The teaparty was served this Thursday by members of Minden Gospel Church. A different group comes in each week, we are never left in the lurch. The party this week we should all remember a birthday party for those who had birthdays in November, Edith Welch, Ada Allcorn, Jessie Walter, Therm Corby, and Ena Dart. They all sat around the table looking really smart, in fact we thought they looked just fine. They

served a lovely birthday cake, made by Ruth Mac Brien. After serving this lovely lunch of which we all partook they played and we

sang some good old hymns from our song book.

Thursday night Murray King of the Kinsmen Club and Larry Amyotte came and called the Bingo numbers, some players won quite a lot.

Friday we had a Health Nurse come in to check the residents teeth you know, they say you can tell a horse's age by looking at their teeth, I wonder if checking human's too if this is so.

In the afternoon Grace and Norma came to lead us in a sing song and really entertain. Grace usually reads some interesting poems and sings so nicely too. If they ever stop coming I don't know what we would do.

We had a wine and cheese party here on Friday night, an Annual gift from the residents of Hyland Crest for all the staff and auxiliary members. We thought the Fenelon Gals were coming to entertain but they couldn't come, so a quartette of high school students took over and really made things hum. They entertained us royally, we didn't stay all night we left early in case we would get tight. We had a good crowd and we must confess the wine and cheese party was a real success.

Good, better, best. Never let it rest till your good is better and your better best.

# Effort needed to promote The Highlands

The Haliburton Highlands could become "a mecca for people who tour and visit" but poor marketing practices, a general apathy in the business community and a lack of proper facilities could prevent this optimistic prediction from becoming a reality.

These comments were made by Ed Majors, a private management consultant who has been conducting an in-depth analysis of small businesses in this county. He was one of the speakers to address a Small Business Management Development Seminar held on Tuesday night at the Minden Community Centre. The meeting, sponsored by the Minden Area Tourist Association and the Haliburton Highlands Chamber of Commerce, attracted over 60 area merchants.

As a result of the study he has made Mr. Majors emphasized a number of problems. He stated that "too many owner-managers do not have full control of their fate. Their work load is too large, which leads to stress, their financial statements are not being properly analysed to find out what went wrong in the past and there was little importance placed on the area of sales targets."

He went on to comment that in terms of expense budgets that he was "very surprised that many businesses didn't know what

their costs were".

Another area of concern that Mr. Majors dealt with was that of market research. He noted that "the Haliburton Highlands is a natural attraction" with "a great untapped market out there" but that "the area was not promoting itself enough". Mr. Majors emphasized this point while relating the difficulty he had in finding Minden when he first travelled here to begin his study of small businesses.

The management consultant also noted the importance of a customer profile

adding that he was "surprised that many people are not aware of who their customers are". He pointed out that customers are much better educated now and know more about what is available and that although "we must sell this area as a region worth visiting" the local businesses "must come up with the goods when the tourists get here". He added that "some of the facilities in this area leave him and other visitors cold" because of the conditions of the accommodations and the poor service.

In commenting further on

the problems of inadequate service Mr. Majors stated that "in the hospitality field staff is one of your greatest weaknesses" and that 75% of customers who were lost to business did not return because of the indifference and poor training of the staff.

Mr. Majors tempered his criticisms when he mentioned that over 80% of the recommendations made during the study are now being implemented and that although he detected a "great pile of apathy" when he began the study "people

have a more optimistic attitude which reflects faith in the future."

He was also encouraged by the predictions made for increased sales for the next 12 months.

Peter Skinner, the coordinator of the provincial small business development program offered a number of suggestions at the seminar. He advised businessmen to make greater use of the services of professionals such as bankers, lawyers and accountants in planning for the future. Mr. Skinner also

offered his assistance in hiring university students who are subsidized by the government to do market research and pointed out that the Ontario Development Corporation offers financing for a variety of projects.

During a discussion period that ended the formal presentation Ed Majors agreed that there is a problem with individualism in the county and that the key to success is co-operation among businesses and strong support for the Chamber of Commerce.

## Blowers lead league

The undefeated Rockcliffe Foam Blowers remain in first place in the Men's Recreational Hockey League after coming from behind Monday night to tie the game against Home Hardware. The final score in the game was 7 - 7.

The top scorer for the Rockcliffe team was Dave Hartwick with 2 goals and an assist. Ted Vasey led the scoring for Home Hardware with a hat-trick and a pair of assists.

In the second game of the evening Hartwick Construction narrowly defeated Hall's Insurance 8 - 7.

Larry Sawyer was the top gun for Hartwick scoring 3 goals. John Barkwell added 2 goals and an assist.

Dean Hewett had a pair of goals for Hall's.

The Rockcliffe team occupies top position in the league followed by Hartwick in second place. Home Hardware and Hall's Insurance are tied for third spot.

Action resumes on Monday evening at the Minden Arena at 7 p.m. Admission is free.

## puck talk

### Midgets

Last week, the midgets were in two tight games and in both, the boys dug in and came up winners.

Tuesday at the Haliburton arena, they faced Lindsay in the first of a

home and home exhibition series. Fans were treated to a hard, fast, end to end game.

Goalie, Vince Duchene gave us two periods of shut-out hockey, while we built a two goal lead.

Tran LaRue, scoring at the 14:02 mark of the first period from a set-up by Mike MacNaull and Cory McKnight; and Cory McKnight scoring unassisted at 13:24 of the second period.

The third period saw a determined Lindsay attack

and great end to end rushes. Vince kept the door shut until the 6:20 mark, and at 5:45 Tran LaRue replied from Andy Miller and Mike MacNaull. Lindsay tied the score with goals at the 3:44 and 2:23 marks and finally Jeff Howe netted the winner with 58 seconds left; the assist going to Tran LaRue and Mike MacNaull.

Final scoring: Haliburton 4 - Lindsay 3.

Thursday night, we were in Bracebridge, involved in

one of those penalty studded affairs, that left you feeling the officials were more concerned with controlling the outcome than the game.

Andrew Burk handled the hot rubber in net. We opened the scoring at 13:15 as Jeff Howe fired home an unassisted goal, followed by a scoring shot by Mike MacNaull from Jeff Howe. Bracebridge scoring two quickies at 3:54 and 3:40.

The second period was a draw as each team scored once. Bracebridge scored at 13:41 and at 2:00 minutes Ian Cooper from Paul Kuno and Mike MacNaull.

The final period was ours as we outscored Bracebridge 4 to 2. At 10:05, Tran LaRue from Mike MacNaull and Cory McKnight, and at 6:23

Jeff Howe from Chris LaPorte and Len Johnston. At 6:15 Andy Miller from Jeff Howe. Bracebridge scored at the 5:54 mark and again at 1:28. The final goal with 4 seconds remaining scored by Len Johnston from Chris LaPorte and Jeff Howe.

Final scoring: Haliburton 7 - Bracebridge 5.

Parents, fill the tank; kids sharpen the skates! We're busy again.

Saturday, December 3: Ennismore Tournament, 1st game 11:30.

Tuesday, December 6: Huntsville at Haliburton, 8:30.

### Juveniles

With three defencemen missing and their regular coach, Carl Hie, not in attendance, the Minden Juveniles suffered a 16 - 0 loss at the hands of Bracebridge. The game was played Friday evening at the Minden arena.

The three players were not on the ice since they had received game misconducts in the November 20 match. The coach was also missing from behind the bench because his team had received too many penalties in the previous game.

### Note

If teams from Minden Minor Hockey system wish to see their games recorded in this column, the coach must hand in the game sheet to Shirley Walker at Stedman's or at least call in the results. We can't print it if we don't know what is going on.

### The schedule

Friday, December 2 - 8:00 p.m. Mattice Juveniles at Minden.

Saturday, December 3 - 1:30 p.m. Haliburton Atoms at Minden.

2:30 p.m. Port Carling Pee Wees at Minden.

4:00 p.m. Mattice Bantams at Minden. (This game will be part of the Haliburton Bantam Tournament).

## Huskies rebound after loss

The Haliburton Northernways Huskies underwent a minor reorganization last week to make up for the loss of three key players. Captain Scott Arbuthnot, Jim Lee and Scott Rae were out for both games due to injuries. The Huskies were defeated 9 - 2 by Parry Sound on Saturday but regrouped to defeat Essa 7 - 5 on Sunday.

The absence of their top scorers was quite obvious in Saturday night's game in Haliburton when the Huskies suffered their second loss in a row to the Parry Sound Shamrocks. For the first 10 minutes of the game the two teams were evenly matched offensively and defensively. Bernie Upton finally put the Huskies on the board after a slick passing play by Dave Nicholls and Boomer Stamp.

The Shamrocks scored their first goal 4 minutes later on a power play goal then went ahead 2 - 1 on a deflection.

Jeff Smith tied the game early in the second period after knocking in a rebound. Assists went to Mike MacNaull and Robb Abbs. Parry Sound went ahead two minutes later then added two more goals that came during goalmouth scrambles. The Shamrocks made it 6 - 2 at the end of two periods on a breakaway.

The Huskies put on a determined effort in the third period but couldn't get together a co-ordinated attack. The Shamrocks continued to jam up in front of Colin Newell and knocked in three more goals to run the tally up to 9 - 2 at the end of the game.

Huskies acrobatic goalie Colin Newell making yet another save, had a lot of traffic in his goal crease in Saturday night's game. The Huskies lost 9-2 to Parry Sound, but rebounded next day to defeat Essa 7-5.

Although both teams played aggressively they kept the action clean and received only five minor penalties apiece.

### Sunday win

The Huskies got their act together on Sunday when they took to the road and defeated the Essa 80's 7 - 5 in Angus.

Dave Nicholls who had a very productive night opened the scoring at 3:48 of the first period. Bernie Upton added another goal before Essa got on the board

at the 6 minute mark.

Kelly Mitchell, playing his second game of the season for the Huskies, proved to be a valuable addition to the team when he scored two goals in a row in the second period. The 80's answered with a pair of goals to make the score 4 - 3 for Haliburton at the end of 40 minutes of play.

Bernie Upton increased the Huskie's lead at 2:41 of the last period then picked up a hat-trick on a short-handed goal two minutes later. Essa replied with a

pair of their own to pull within 1 point of Haliburton. Kelly Mitchell put the game away scoring his third goal of the game with 30 seconds left on the clock.

Dave Nicholls with 1 goal and 6 assists was in on every scoring play. Kelly Mitchell with 3 goals and 4 assists and Bernie Upton who also had a hat-trick and an assist were instrumental in rallying their team to victory.

The Northernways Huskies will be playing their next game at the Minden Arena on Sunday, December 4 at 2 p.m. against Gravenhurst.

## Peterborough rink wins bonspiel

The Minden Curling Club was the site of a Men's Bonspiel Saturday afternoon.

Tom Cushing's rink from Peterborough defeated Bill Roodenburg's rink 11 - 4, Bill Dillon's foursome 12 - 4 and John Esmond's rink 13 - 4 to emerge as the overall winner.

Bob Colliver's rink from Haliburton was the first runner-up.

Third place went to John Esmond's rink from Beaverton.

Bill Dillon delivers his rock, at the right, as teammates prepare to sweep during the Saturday action.

## Visiting teams win tournament

Bracebridge Atoms captured the Larry Reynolds Memorial trophy in the annual Atom Tournament played Saturday at the Minden arena. The Bracebridge team defeated Oshawa 9 - 0 in the final match to claim the hardware.

Minden and Haliburton teams did not fare well in the event both losing in the semi-final of the consolation round and thereby being eliminated from further play.

The two teams opened the tournament early Saturday morning and played to a 3-3 tie. Minden was given the win having scored the first goal. Minden then advanced to the semi-finals of the championship round but was defeated by Oshawa 3-1. The local squad moved on to the semi-final of the consolation series, but lost to Bowmanville 5-1, to end their tournament play.

Rob Ackerblade scored all three Minden goals in the opening contest against Haliburton. The first was assisted by Jarette Gentle, the second by Jamie Walker. The third was unassisted. Scoring for Haliburton were Chad Bain from Chris Greenfield, Wade Wood unassisted, and Chris Greenfield from Russell Morrison. All scoring took place in the first two periods.

Ackerblade also scored the only Minden marker in

the contest against the Oshawa Bruins, connecting in the second period on a pass from David Lee. That goal tied the game for Minden, however Oshawa pulled ahead later in the second frame and scored another in the final period to claim the victory.

Rob Ackerblade also scored Minden's only goal in the team's final tilt against Bowmanville, connecting in the second period with the assist going to Philip Boyle. Once again his goal tied the game but Bowmanville scored two more and a single in the third frame to secure the win.

In Haliburton's second game of the tournament the scorers were Chad Bain from Wade Wood and Wood from Chris Greenfield.

The following is a synopsis of the tournament play:

Opening round: Minden 3 - Haliburton 3 (Minden wins by virtue of first goal scored); Bracebridge 5 - All Saints (Peterborough) 2; Mark St. (Peterborough) 6 - Bowmanville 3; Oshawa Bruins received a bye into the semi-final championship round as their opposition, Humphrey, could not attend.

Championship, semi-final round: Oshawa 3 - Minden 1; Bracebridge 4 - Mark St. 1. Championship game: Bracebridge 9 - Oshawa 0.

Players from both teams pile up on the goalie's doorstep during an Atom tournament on Saturday. Minden was defeated in the game 3-1 by Oshawa. The tournament was won by a team from Bracebridge.

Consolation, semi-final: All Saints 4 - Haliburton 2; Bowmanville 5 - Minden 1. Consolation championship game: All Saints 5 - Bowmanville 0.

The champions received the Larry Reynolds Memorial trophy donated by Mervin and Lois Barry.

The championship runners-up received the Bernard Trumbull trophy.

The consolation winners were presented with the Sid Stamp Fuels trophy.

Consolation runners-up won the Frontier Motors trophy donated by Charlie Muli.

Minden Minor Hockey Association donated Minden Minor Hockey pucks to all the winning teams and buttons to the runners-up.

## LKTA tournament

The Lake Kashagawigamog Bantam Tournament, the first of three co-sponsored by Lake Kashagawigamog Tourist Association (LKTA) and Haliburton Minor Hockey, begins this Saturday at 8:00 a.m. at Dysart Arena. This year the Bantams are going to have eight teams competing for either a championship or consolation championship trophy plus a grand championship contest between the two winners.

All three tournaments traditionally see 16 teams entered in the competition but organizers changed the format for the Bantams when it appeared it may not be totally subscribed.

The Pee Wee Tournament coming up in January 6,7,8 and the Atom tournament in January 20,21,22 are still

being planned for 16 teams events although openings still exist in both of them.

Starting off the action this Saturday is Newmarket and Oshawa followed by a contest between Willowdale and hometown Haliburton. Georgetown meets Huntsville at 10:40 a.m. and the Minden Bantams will be here at noon to face Thornhill. The teams all play a second game during the afternoon, win or lose and the championship games take place on Sunday at 9:00 a.m., 10:30 a.m., and 12:30 p.m.

Tournaments have always been one of the most exciting aspects of Minor Hockey and interest is still very high in the tournaments we hold here.

Tournament officials note however that experimenting with a change in dates and

age groups last year affected the continuity of our events and they are finding they have to look harder to locate potential visiting teams. In addition the huge drop in hockey registration across the country plus the tight economy has had a negative impact on registrations. Anyone aware of teams outside our area that may be interested in competing in the two tournaments in January (one for ten year olds, another for twelve year olds) is urged to contact the registrar, Wanda Byers at 457-1306.

It is hoped the community will come out and cheer on some of the competitors this weekend. You may purchase either a one-time admission or buy a pass for the entire weekend, which includes a free souvenir button.

## Council briefs

Items from the November 23 meeting of Anson, Hindon and Minden municipal council.

### Disaster planning

The council agreed to form a joint committee with the township of Lutterworth to investigate the creation of a peace time emergency plan. The suggestion that a plan should be created to deal with disasters was made by the Ontario Provincial Police.

The Lutterworth council agreed with the proposal but suggested that the two municipalities should co-ordinate their efforts.

Councillors Dave Stevens and Pat Burk were appointed to meet with the Lutterworth municipal representatives to begin the planning.

### Co-Ed work

While the sidewalk improvements have been completed for this year, the employees hired under the federal - provincial grant will now be concentrating on other projects in the community.

The council agreed that the Welch building on the property purchased by the

township, was to be dismantled and that this project could provide the employees with indoor work during inclement weather. Material from the structure will be salvaged and used for other municipal purposes.

The employees are also

being used to cut a cross-country ski trail which will start at the rear of the arena. It was noted that the trail will have to be groomed and grooming equipment purchased for that purpose, once the trail is opened.

## Safety a priority

Safety on the trails was the key issue at the first membership meeting of the Haliburton Highlands Nordic Trail Association. The meeting was held on Wednesday evening (November 23) at the Maple Sands Resort in Stanhope Township.

The association's long term goal is to link together all the cross country trails within Haliburton County. The group also advocates the establishment of safe, properly cut, good quality trails. To attract many different types of skiers and to ensure their safety, the trails are classified according to their degree of difficulty. All members who operate trails have these routes inspected by the

association.

At Wednesday evening's meeting a committee was set up to initiate a safety program. The group plans on establishing patrols throughout the county to provide first aid to injured skiers.

As a result of discussions at the meeting the association will also be examining the possibility of setting up some form of liability insurance for its members.

Further information on cross country skiing, including maps, can be found in a new publication entitled "The Slopes and Trails of the Haliburton Highlands". The booklet is available through the Chamber-of-Commerce.

## Looking back

The early days of Minden are recorded in a number of letters and reports prepared by various visitors and residents of the area. This week we'll tap some of those sources for information about the new community.

The first comes from the Peterborough Review of October 10, 1860:

Gull River, or what to the traveller on the Bobcaygeon road is recognized as such, is a busy spot. It is the centre for the fine district surrounding it, and Mr. Daniel Buck, (Daniel Buck and his wife were proprietors of Minden's first hotel which is in Anson Township on the Victoria side of the Bobcaygeon Road) who keeps a tavern there, has his hands full, usually, to entertain his guests. He is making preparations to erect a large frame building to be used as an hotel; and hopes to have it up this fall. The lot opposite his place, lot three in Minden, forming the corner, bounded on two sides by the Gull river and the Bobcaygeon road, has been reserved by the Government, and the settlement of the place is somewhat retarded in consequence of this. A petition is now in course of signature praying the Government to cause it to be surveyed as a town plot, and placed on sale with settlement conditions.

Then from the United Church Archives comes the following reminiscences of Minden as recorded in 1860:

In one of my many appointments, now the County town there was a tavern, kept in a shanty covered with scoops — scoops are logs split and hollowed out, — two logs were laid lengthwise of the building on the top of the walls and these scoops are laid with the hollow sides up and another course breaking the joints of the first course, with their hollow sides down. They laid two courses on with one end of the scoops resting on the outer wall of the building and the other on the long logs running lengthwise of the building near its centre. This shanty was built to accommodate the men while building the colonisation Road. There was a small store in the little log house, and an other in a board shanty roofed with boards. This place also served as a stopping place for such travellers as had not the hardihood to put up at the tavern, a house with plank walls and shingled roof had been put (up) by a shoe maker, there the people assembled for worship. This was the germ of the future county town. I made my home when in the vicinity at

the little store in the board shanty, and much kindness did I experience at the hands of the Young's, my hosts.

In 1867 the community had obviously grown and become an important point for development in the new north:

The village of Minden has the distinction of being, in a sense, the pivot around which the more remote of the new townships may be said to revolve. It is there that clergymen of the different religious denominations reside, who, by their ministrations, supply the spiritual wants of all the adjacent townships. Thither the settlers from a large area around flock to mill, market, store, Post Office and Division Court...

Mr. Daniel Buck, it will be seen, was the first hotel keeper in Minden. He was also the first Postmaster, and the office, first opened in 1860, having then only a weekly, is now supplied with a tri-weekly mail. Mr. Thomas Young (Thomas Young who had come to Canada from England, lived in Cavan Township before moving to Minden in 1860. He acquired five lots in the town and one hundred acres in concession A in Minden Township), opened the first general store in Minden in 1860, which was followed by that of Messrs. George and H. Andrews in the fall of 1862. To these have since been added the stores of Messrs. Wm. Dumble, Andrew Bell, Francis Mason (Francis Mason (b. 1842) as a young man served as a clerk in a store in Peterborough. He went to Rochester for a short time, then returned and opened a general store at Minden where he remained for nine years. In 1873 he established a business at Peterborough)

and James Langton.

A saw mill, at a falls about a mile above the village, was built in 1861, and a frame grist mill at the same place followed in 1862. The first mill had one run of stones, was commenced and partially completed by Mr. J. W. Cummings, and then passed into the hands of Mr. Francis Moore...

The first school house in Minden was erected at the village in 1860, of which the trustees were Messrs. Daniel Buck, senior, William Beavis and T. L. Moore.

The hotel already mentioned is (sic) kept by Mr. Daniel Buck, senior, was on the Victoria side of the Bobcaygeon road, and has since passed into the hands of his son John, and more recently is kept by his younger son, Daniel Buck, junior. The first hotel, actually in Minden, was that opened by Mr. Benjamin Sawyers in 1863. A second at some distance from the village, is kept by Mr. William Gervais.

A Division Court was

established at Minden in 1865, at which His Honor R. M. Boucher, Esq., Judge for the County, presides. S. S. Peck, Esq., is Clerk, and Mr. R. C. Garrett, Bailiff of the Court...

And finally, this brief report from 1874, concerning the establishment of a newspaper, the Minden News:

The new county, Haliburton, has not long to wait for a representative journal. We have received the first number of the News published at Minden by Messrs. Robertson & Walsh, proprietors of the Peterborough Times. It is very neatly got up, and promises to be conducted with more ability than distinguishes the average country newspaper. Mr. Barr, of the Lindsay Post, is said to contemplate the publication of another journal in the same place. The latter will be the exponent of sound liberal views; the News professes to be independent in politics.

# Polio registry beginning

Residents of the area who have had polio and are now concerned about its long-range effects are urged to submit their names for an Ontario Post-Polio Registry.

The registry, to be established by the Ontario March of Dimes, will assist the agency to investigate the need for assessment units, identify people who may want further information on the "post-polio syndrome", provide further information on polio issues and initiate awareness programs for physicians and health personnel to assist in better meeting the needs of people who have had polio.

"We are not going to ask them for a lot of information," says Lyla Swanton, a member of the Ontario March of Dimes who had polio in her youth. "But no one now knows, firstly, how many people in this province had polio and, secondly, what problems may now be emerging as a result of polio."

Men and women who contracted polio in their youth may not have had problems since the acute

stage of the disease until recently. Now, as they grow older, they are experiencing fatigue, respiratory problems and muscle weakness - and once again require specialized assessment and

treatment.

If you had polio, and are interested in being included in the registry, please submit your name and the name of your family physician to the Ontario Post-Polio Registry

through the Ontario March of Dimes.

In this area, contact Daphne Allison, Box 736, Sandy Trail, R. R. 2, Stroud, Ont. L0L 2M0. Call 705-436-5016.

## Facts on egg production

- Agricultural report -

### Facts on egg production

A new factsheet from The Ontario Egg Producer's Marketing Board has some interesting information on egg production in Ontario today, with some comparisons of changes in the past five years.

In Ontario there are 786 farmers who have quota to produce eggs. These farmers own almost 8 million laying hens, so their average flock size is almost 10,000 birds.

In 1982 these farms produced 168 million dozen eggs. There has been a steady increase in the number of eggs produced each year from the 150 million dozen produced in 1977. 70% of the eggs are

bought by consumers for table use, with 20% going to restaurants and institutions, and 10% used in the processing market.

For each dozen eggs a hen lays it eats 3 1/2 - 4 pounds of feed. The number of eggs a hen lays each year has also increased significantly to 250 eggs per bird in 1982, up from 230 several years ago.

And Ontario consumers have continued to increase the number of eggs they eat from 17.8 dozen per person

in 1977 to 19.4 dozen in 1982.

In addition, in Ontario there are many farmers who have a small flock of hens producing eggs for themselves and sometimes for a small number of regular customers. Farmers who had these small flocks prior to the summer of 1983 can legally keep up to 500 hens without any quota. Anyone starting a new flock may only keep up to 100 hens now.

## New president for Ontario W.I.

submitted

"Move forward with vision and determination... know social issues and take action" said Mrs. R. B. Johnson of Cochrane. She is the first Provincial President from the Cochrane - Temiskaming Area.

Mrs. Keith Hiepleh, President for the past three years conducted the business for the annual meeting in Toronto this week. Directors voted to send money to the Nutrition Project in India, and to the "Workshops for Women" in the Cameroons. Scholarships had been presented to students across the Province with the McKercher scholarship going to Donna Joan McDonald. Mrs. Duane Williams of Camden East was elected as the Treasurer, Public Relations Officer is Mrs. George Cunningham of Consecon and Tweedsmuir Curator Mrs. Ian Heales of Campbellford. Mrs. Clarence Diamond led the sessions on

resolutions re: current

concerns, e.g., requesting more control on nuclear weapons, to permit use of heroin for terminally ill, support of shelters for bat-

tered women, and recycling of pop cans to prevent waste.

Joyce Canning, Rural Organization Co-Ordinator informed the Members that the Ministry would be presenting. "Rural Seminars for Vital People" throughout the Province in February and March with the theme being "Communications".

The Junior Women's Institute chose as their Bicentennial project to have 22 maple trees planted near the Women's Institute Hall at the Ontario Agricultural Museum at Milton. They donated money to the World Project "Fresh Water For All" and presented trophies to the Disabled at the Murderball Championships in Toronto.

## UCW meet

submitted

On November 8 and 9, 111 United Church Women of the Bay of Quinte Conference met at Fenelon Falls United Church for their fifth annual mid-week event.

The theme was "Our Church: moving into the 21st century - How do we as Christians relate to those of other faiths or religions in the global world?" The theme speaker was Dr. Robert McClure, former moderator of the United Church of Canada. In addressing his remarks to the question, Dr. McClure drew upon his experiences as a medical missionary in Asos. He stressed that we are all living in a nationalistic, militant, shrinking world.

According to our Christian belief God is love and is the Father and Creator of us all. We in Canada can profit by mutual co-operation with those of other faiths and religions. We should try to bring about improvement in society both in Canada and

elsewhere by training young people and by giving them more trust and responsibility.

In conclusion, Dr. McClure emphasized that we Christians along with other global citizens should strive to conserve what is worthwhile in society and make sure our contribution is worthy of Christianity's presence in the world.

The dean, Mrs. Joan Chalovich chaired the event which included enthusiastic group singing, inspirational worship sessions, skits with messages and humour, refreshments, in addition to a display of books and other items from Canec.

Next year's dean, Mrs. Irene Tennant, thanked Mrs. Joan Chalovich and all others who participated in this most successful event.

A communion service conducted by Rev. Peter Twaddle of Fenelon Falls United Church, assisted by Mrs. Marion Brown, Conference Chairman, and Mrs. B. J. Klassen, Conference officer, closed the event.

## Wes Stata scores high triple

Some scores received from the Monday afternoon Golden Age bowlers covering a two week span. Unfortunately we are not sure of the dates involved but trust the bowlers will understand the following statistics.

Wes Stata was top bowler with a nice 723 triple and a beautiful 326 single. His wife, Ev, made 631 with a 243 and 210 singles. Good games over 200 were bowled by Doris Craig, 240; Harold Mann, 221; John James, 213 and Millie Boskett with a 209.

Team standings: Robins 125; Crows 114; Budgies 113; Eagles 106; Owls 102, and Doves 89.

The next week, Wes Stata and Earl McDonald were the only ones to hit the 600 mark. Wes had 667 (242, 233) and Earl bowled 608 (224, 213).

Games over 200 were bowled by Harold Mann 240; John James 230; Nancy Morse 211, 203; Doris Hart 211; Ev Stata 209; Millie Boskett 205 and Maud Coulter 201.

The Robins were the winners of the first series with 135 points, Crows chasing them with 131. Budgies have 125, Owls 123, Eagles 115 and Doves hanging in with 101.

Wednesday afternoon Bird League standings for November 9 were: League winners for 1st series - The

Eagles with 38 points. Next came The Cardinals with 37 points, Falcons with 34 points, Robins with 31 points, Hawks with 29 points and bringing up the rear, the Bluejays with 18 points.

High single flat - Men's - Harry Henderson with 328 and he also got the high with handicap with 351. High single with handicap, ladies - was Betty Yateman with 323 and the high flat was thrown by Dorothy Baker with 270. High triples - flat - were Harry Henderson 736 and Mary Lou Bird and triples with handicaps, Wilbert Gibbs 820 and Betty Yateman with 791.

Bowling 200 and over were - Muriel Peters 200; Ev Stata 219, 226; Harry Henderson 328, 226 (736 triple) Doris Grant 204, Ev Perrin 216, Kay Barry 204, Jims Grant 234; Wilbert Gibbs 223; Mima Burwood 229, 202; Joan Alger 243.

Scores at the end of the first series for the Men's Commercial league were: High average - Ron Robinson Jr. with 241; High single flat - Fred Cox 361; high triple flat - Gord Darby 859; high triple handicap God Darby 919.

High scores for the week of November 16 - Bruce Medcalf 325; Dave Barker 308; Neil Jackson 299; Ron Robinson Jr. 275; Elroy Clary 269 and Al Arbuthnot 257.

Call 286-1288 — 9 a.m. - 4 p.m.

Dr. Antony Holliday - Rhodes returned to Minden after a very hectic trip overseas, aboard an Air Canada aircraft which was caught in a storm and had to land in Dusseldorf instead of Heathrow, London. The train he had to take was derailed on route to England. Fortunately he was not injured. He had a very pleasant visit with his mother and relatives and returned with his brother-in-law Paul Reng for what we hope will be a very pleasant visit in our country. Welcome back Antony.

Last week we inadvertently reported the time of the Minden United Church Carol Service to be 7:00 p.m. on December 4. It is, in fact 7:30 p.m., so you are all invited to join in the service at the United Church.

Haliburton County Seniors are invited to attend a Christmas Party sponsored by the Haliburton County Senior Citizen Club to be held December 15 at the Haliburton Legion Hall.

Maple Lake United Church are having their Christmas Bake Sale and mini bazaar at the Church (corner of Highway 118 and Airport Road) from 2 - 4 p.m., Saturday, December 3.

Winners at the weekly Mini Card Party at Parish Hall last Thursday afternoon were - for cribbage: Lil Porter and Gladys Wruth and for euchre - lone hands - May Spence and others - Verna McDonald and Irene Houghton.

There are Library Book Exchanges for the West Branches of Haliburton County Public Libraries this week. Hours at Minden

Public Library are now afternoons Monday to Thursday and Saturday from 3 - 5 p.m. and Tuesday and Thursday evenings from 7:30 to 9:00 p.m. and Friday evenings 7:30 to 8:30 p.m. Come in and see what is "New" on the shelves.

Recent guests with the Milton Sears were Muriel Ewing, Chris and Scott, and Sandra Sears and Logan Moth, all of Toronto.

Last Wednesday night saw some ladies interested in crafts meet at the Common Room of the Library Cultural Centre. Each had brought a new craft and showed how it was made. The next evening they meet will be January 11 at 7:30 at the same place. Come out and "Share and Learn" with us.

Minden Nursery Play School are sponsoring a bake sale on Saturday, December 3 at 10 a.m. It will be held in Adamson's office next to the K & W Restaurant. Don't miss it.

Congratulations to Blanche and Jack Odell whose support made sure of The Grey Cup for Toronto Argonauts. 31 years is a long time - they sure deserved it!

Sincere sympathy to the families and friends of the late Lorne Kent, Minnie Sisson and Mr. Mackay who passed away this past week.

We were happy to have our reporter Michael Shirley back with us, safe and sound (well almost) from his trip to the Bahamas on "The Yankee Trader", a sailing ship. He had a great holiday and is ready to serve the community once again.

We were sorry to hear that Michael's mother, Mrs. Gwynneth Shirley from Cochrane is, at present undergoing some tests at Wellesley hospital. We wish her the very best and trust she will be home, well and strong once more, enjoying her subscription to The Times very soon.

It sure is nice to see Minden's store fronts looking so nice with their Christmas decorations. See this week's paper for details about the Minden Horticultural Society's Christmas Door Decoration Contest.

## kid's korner

by Jean Lacey

Hi kids!  
Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters. It's as easy as that. Have fun.

Q: What beans do cannibals like?  
A: Human beans.

Q: Where was Count Dracula when the lights went out?  
A: In the dark.

Q: When is Count Dracula like a beggar?  
A: When he puts the bite on you.

Q: When is Count Dracula not a vampire?  
A: When he turns into a street.

Q: What would you get if you crossed a snake and a funeral?  
A: You'd get a hiss and a hearse.

Q: What would you get if you crossed a shark with a parrot?

A: An animal that can talk your ear off.

## BUSINESS OPPORTUNITIES

We are looking for dealers and agents to sell money-making products. Right now we have a quality automotive product that's ideal for selling to new and used car dealerships, service stations, trim and body repair shops, automotive supply and hardware stores - where you have the added income advantage of extra profits through repeat sales. Then there's the big potential of selling directly to the public. It's a great opportunity to substantially increase your income and be in on the ground floor with a growing organization that has more products to offer. Best of all, there are no fees or franchise costs. Don't wait. If you're interested in improving your income, act now. Write today for more information with no obligation to: Nameric Marketing, 45 Sheppard Ave. E., Suite 312, Willowdale, Ontario. M2N 5X1.

## AT REST

### KENT

Lorne Nelston

at his residence, R. R. 2, Minden on Thursday, November 24, 1983 in his 49th year, beloved son of Janie and the late William Kent, dear brother of Calvin, Charlie, Mary (Mrs. McKelvey), Gordon, Earl, Minnie (Mrs. Dudman) and Ellen (Mrs. Alton), predeceased by Phrona (Mrs. Milburn), Audrey (Mrs. Kinnear) and George, fondly remembered by his many nieces and nephews. Resting at the Gordon A. Monk Funeral Home, Minden after 2:00 p.m. Friday. Funeral Service in the chapel on Saturday, November 26th at 11:00 a.m. Interment Minden Cemetery.

### SISSON Minnie

at the Ross Memorial Hospital, Lindsay on Sunday, November 27th, 1983 in her 94th year, beloved wife of the late Leigh Sisson. Dear sister of the late Arthur, Oliver, Alice (Mrs. E. Taylor of Toronto) and Florence (Mrs. Allan) Sisson, fondly remembered by her many nieces and nephews, cousins and friends. Resting at the Gordon A. Monk Funeral Home, Minden from 2:00 p.m. Tuesday until 11:00 a.m. Wednesday, November 30th then to St. Peter's Anglican Church, Maple Lake for funeral service at 1:30 p.m. Interment St. Peter's Cemetery.

## CARD OF THANKS

David and Sonia Stevens would like to thank Opal Crowe and Marjorie Young for the Surprise Baby Shower given on Friday, November 25th, 1983 and all who attended: Lyle and Linda McKnight, Roy and Marjorie Windover, Bill and Jeanette Payne, Larry and Norma Amyotte, Eldon and Mabel Deacon, Doug and Sue Ripley, Leslie and Audrey Northey, Don and

## CARD OF THANKS

Diane Booth, Albert and Dora Foster, Don and Joanne Cubbidge, Murry and Cathy King, Ron and Joan Fennell, Lewis and Jean Stevens, J. O. and Jean Jackson, Norm and Betty Harrison, Pete and Chris Dollo, John and Connie Robinson, Sid and Peggy Brown, Peter and Chris Brittain, Don and Yvonne Nye, John and Linda Pentney, Don and Opal Crowe, The Crowe Boys, Shelly Bull, Marjorie Young, Elsie Sedore, Beulah Hewitt, Rob Young, Sid Stamp, The Kinsmen of Minden and the K-40 Club of Minden. 11E

Fire can be a devastating experience. Thanks though to our neighbours Andy and Sharon Poldas, Bill Duncan, Jack Brezina, and Firefighters Don Booth, Bob Wells, Bill Dillon, Bob Denny, Joe Dollo, Les Hogg, Ken Crawford and Ron Crawford building damage was very minimal and no personal property was lost at all. Their quick response to our emergency will not be forgotten and the effective volunteer firefighting under difficult circumstances speaks well of the training and commitment offered to all of us in the community. Thank you all very, very much.

Jennifer and Curtis Ketner  
Rosemary and Gary Kenney  
Blairhampton

Thanks to the Minden Kinsmen Club, especially Don Cubbidge, Brian Hamilton and Doug Ripley, for their assistance in making this year's Big Buck Contest a success. Thanks to Pete Dollo and Martin Austin of Dollo's I.G.A. for the weigh-ins, and to all the hunters and folks who attended the Kinsmen's Hunter's Ball and helped make this year's Big Buck Contest the best yet.

Tommy Williamson

We wish to express our sincere appreciation to our many friends and relatives who came to help us celebrate our 50th wedding anniversary, and for the many cards and phone calls. For plaques and messages of congratulations received from Bill Scott, John Eakins, Bill Davis, Ed Schreyer, Prime Minister Trudeau, the Warden and members of county council to the Reeve and members of the municipal council. To the U.C.W. for serving lunch. A special thanks to our family for the corsages, and for all their arrangements. Our special day will be long remembered.

Raymond and Hazel  
Gostlin

## IN MEMORIAM

**HUGHES:** In loving memory of my husband Lanny Roy who passed away November 29, 1982.

Gone are the days we used to share,  
But in my heart you are always there,  
The gates of memory will never close,  
I miss you more than anyone knows.

Always remembered by wife  
Shirley.

## IN MEMORIAM

**HUGHES:** In loving memory of a dear stepfather and grandfather, Lanny Roy, who passed away November 29, 1983.

However long our lives may last,  
Whatever lands we view,  
Whatever joy or grief be ours,  
We will always think of you.

Lovingly remembered by  
Arlene, Jack and Johnathon  
Shaw and Joseph Walker.
